Selected Information
For the Three Months Ended September 30th, 2023 and Year Ending June 30th, 2024

The school presents governmental fund financial statements using the current financial resources measurement focus and the modified accrual basis of accounting. As required by state statute, the school operates as a nonprofit corporation under Minnesota Statutes §317A. However, state law also requires that the school comply with Uniform Financial Accounting and Reporting Standards for Minnesota School Districts (UFARS) which mandates the use of a governmental fund accounting structure.

The accompanying historical financial statements and forecasted financial statements include the following departures from accounting principles generally accepted in the United States of America and the guidelines for presentation of a forecast established by the AICPA:

- The historical and forecasted financial statements omit substantially all of the disclosures required by accounting principles generally accepted in the United States of America.
- The financial statements are not a complete presentation of governmental fund financial statements in accordance with the above standards.

The effects of these departures have not been determined.
