Academic Arts High School Historical and Forecasted Financial Statements Selected Information

For the Seven Months Ended January 31st, 2023 and Year Ending June 30th, 2023

The school presents governmental fund financial statements using the current financial resources measurement focus and the modified accrual basis of accounting. As required by state statute, the school operates as a nonprofit corporation under Minnesota Statutes §317A. However, state law also requires that the school comply with Uniform Financial Accounting and Reporting Standards for Minnesota School Districts (UFARS) which mandates the use of a governmental fund accounting structure.

The accompanying historical financial statements and forecasted financial statements include the following departures from accounting principles generally accepted in the United States of America and the guidelines for presentation of a forecast established by the AICPA:

- The historical and forecasted financial statements omit substantially all of the disclosures required by accounting principles generally accepted in the United States of America.
- The financial statements are not a complete presentation of governmental fund financial statements in accordance with the above standards.

The effects of these departures have not been determined.

Summary of Significant Assumptions

These financial forecasts present, to the best of management's knowledge and belief, the School's expected financial position, results of operations, and cash projection for the forecast periods. Accordingly, the forecasts reflect its judgment as of June 22, 2022 the date of these forecasts, of the expected conditions and its expected course of action. The assumptions disclosed herein are those that management believes are significant to the forecasts. There will usually be differences between the forecasted and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

AHA School Dress Policy

(From FY23 Student/Parent Handbook)

Dress and Appearance

Staff members reserve the right to deny admission to school functions based on dress or appearance determined to be inappropriate or disruptive to the educational process. When a student is found in violation of these guidelines, the student will be directed to make modifications, be provided alternative clothing (when available) or be sent home to change. It is not the intention of this policy to abridge the rights of students to express political, religious, philosophical, or similar opinions by wearing apparel on which such messages are stated.

Inappropriate clothing or appearance is prohibited. Inappropriate clothing or appearance includes, but is not limited to:

- 1. Wearing clothing that includes words or pictures that are obscene, vulgar, abusive and discriminatory or that promote or advertise alcohol, chemicals, tobacco or any other product that is illegal for use by minors.
- 2. Wearing clothing promoting products or activities that are illegal for use by minor
- 3. Wearing clothing and other items or grooming in a manner that represents and/or promotes threat/hate groups, including gangs or supremacist groups. This prohibition includes objectionable emblems, badges, symbols, signs, words, objects or pictures on clothing or jewelry communicating a message that is racist, sexist or otherwise derogatory to a protected minority group; evidences gang membership or affiliation; or approves, advances or provokes any form of prohibited harassment or violence against other individuals as defined in district policy.
- 4. Wearing clothing or footwear that could damage school property.
- 5. Wearing masks face paint or grooming that limits or prevents identification of a student.
- 6. Wearing clothing or grooming that is potentially disruptive to the education process or that poses a threat to the health and safety of others.
- 7. Wearing clothing in a manner that displays undergarments.

AHA Student Walkout & Demonstrations

AHA Response to Walkouts and Demonstrations Steps

When staff are aware of a potential student demonstration or walk out staff should alert a member of Jay Squad immediately. Jay Squad will then convene quickly to coordinate the following steps:

- If students are demonstrating in response to a staff or policy concern, the staff in the area of the student concern should take the lead on the situation with support of Jay Squad. If the concern is in response to a community concern, Jay Squad will manage the response.
- If in response to a school related concern staff (lead staff and/or Jay Squad) will immediately communicate with students about their concerns in an attempt to come to a resolution.
- Resolutions may include the use of talking circles or classroom discussion groups. Staff present will be able to communicate school policy and sign out procedures for walkouts.
- If a demonstration continues in the school building, further attempts will be made to place students into talking circles, with help from support staff. Space that could be utilized; available classroom, social work office, multi-purpose room, or first floor space. Students will be encouraged to either address their concerns in these circles or return to class.
- Doors should be left unlocked for students to return to class. Staff will complete sweeps of bathrooms and other areas of the school to ensure safety in the environment.
- Concurrently, one member of Jay Squad will be assigned to check in with each classroom to ensure all teachers are aware of walkout and demonstrations, and address what message would be most appropriate for teachers to communicate to students.
- One Jay Squad member will be assigned point person for contacting parents and caregivers when there is a high possibility of a walkout or demonstration, and will collaborate this effort with front desk staff. This point person will also communicate with parents and caregivers in the aftermath through group email or Parentsquare, and ensure that the board of directors are made aware of all walkouts and demonstrations.
- Efforts will be made in following days to provide students opportunities to have a dialogue through groups organized collaboratively between staff and student senate.

Student Voice

AHA knows our students may be affected by events in our community. Families and caregivers should know that AHA respects students' First Amendment right to free speech and to peacefully assemble. A process should be in place as part of a school wide positive engagement plan for students and families to share concerns without fear of reprisal. Regular meetings should be held for students and administration so the students can feel connected to decisions that impact their education. We understand that at times, students across the city may participate in walkouts or protests.

Safety Info for Families and Caregivers

We do, however, need to maintain some protocols around these actions in order to protect the rights and safety of all staff and students. When AHA is aware of a high possibility of a walk out, families and caregivers are informed so they can help their student choices for their education and their safety. If your child is considering some form of civic action, please speak with them about how they can stay safe and abide by these policies at their school.

The AHA practice is that if students leave school property, they will not be able to return to the school for the remainder of the day or participate in afterschool activities – and they will receive an unexcused absence, unless there are special circumstances. If students leave the building, but do not leave the grounds, they can be asked to leave only when their continued presence creates a significant disruption to the educational environment. While the administration will not be disciplining students for protesting/demonstrating, any other infractions that take place during the protest/demonstration will be addressed in accordance with standard practice.

Students wishing to participate in a walkout will be required to follow normal sign-out procedures, which will require a sign out by a parent or previously authorized adult, or written permission in advance from an authorized parent or guardian. If students refuse to comply with the request to follow protocol, parents shall be called prior to students leaving if possible.

We encourage you to have a conversation with your student(s) regarding this information and reach out to staff if you have any questions. Also, support staff are always available for additional support.

Background Check Policy

I. Purpose

Academic Arts High School (AHA) is committed to the safety of its students and staff. In order to maintain a safe and healthful environment, the district should be assured that all employees and others having contact with students do not have criminal histories or engage in criminal behavior that threatens that well-being.

II. General Statement of Policy

A. Academic Arts High School will seek a criminal history background check for all individuals who will have the potential to be in a one-to-one environment with students. Such individuals include, but may not be limited to: job applicants who receive an offer of employment, individuals who provide student services, volunteers, independent contractors and subcontractors, regardless of whether any compensation is paid or other background checks have been conducted.

- B. Applicants for AHA positions as employees or as persons offering children's services, including after-school child care providers and after school AHA sponsored programs, must disclose as part of their application any criminal conviction in their history, or any currently pending criminal charge against them.
- C. The offer of any employment or the offer of an opportunity to provide services to AHA students shall be conditioned upon a determination by the school district that an individual's criminal history does not preclude the individual from employment with, or provision of services to, AHA.
- D. AHA specifically reserves any and all rights it may have to conduct criminal or other background checks regarding current employees, applicants, or service providers without the consent of such individuals.
- E. Adherence to this policy by AHA shall in no way limit the school's right to require additional information or to use procedures to gain additional background information concerning

employees, applicants, volunteers, service providers, independent contractors, and student employees. These persons are put on notice that the District may review social media created by or concerning the individual to gather background information.

III. Procedures

A. Normally an individual will not commence employment or provide services until AHA receives the results of the criminal history background check. AHA may conditionally hire an applicant or allow an individual to provide services pending completion of the background check, but shall notify the individual that the individual's employment or opportunity to provide services may be terminated based on the result of the background check. Background checks will be comprehensive in nature including, but not limited to check including a BCA, National Sex Offenders Registry, FBI Criminal Index, and a Social Security Cross Check. The BCA shall conduct the background check by retrieving criminal history data as defined in *Minnesota Statutes section 13.87*.

B. In order for an individual to be eligible for employment, provide student services, serve as an unsupervised volunteer, board member, independent contractor, or subcontractor, the individual must sign a criminal history consent form which provides permission for AHA to conduct a criminal history background check. The cost of the background check will be at the expense of the school for job applicants and employees. All other individuals will assume the cost of the check unless the school elects to pay the cost for a volunteer, independent contractor, subcontractor, student teacher, or interns in the school.

C. AHA, in its discretion, may elect not to request a criminal history background check on an individual who holds an initial entrance license issued by the state board of teaching or the commissioner of education within the 12 months preceding an offer of employment or permission to provide services.

D. AHA, in its discretion, may elect not to request a criminal history background check on an individual who is enrolled in an accredited higher education program that conducts background checks of its enrollees.

E. AHA will contact the Board of Teaching to determine whether the board has taken disciplinary action against a teacher at the time the school district conducts the criminal background check of any individual it offers to employ as a teacher. The school district must require the individual to provide information in the employment application regarding all current and previous disciplinary actions in Minnesota and other states taken against the individual's teaching license, and the school district will notify the teacher that intentionally submitting false or incomplete information is a ground for dismissal.

- F. The individual will be informed of the results of the criminal background check(s) to the extent required by law.
- G. At the beginning of each school year or when a student enrolls, AHA will notify parents and guardians about this policy and identify those positions subject to a background check and the extent of the school district's discretion in requiring a background check. The school may include this notice in its student handbook, a school policy guide, or other similar communication.
